

**Report from  
Kathryn Haynes -Submitted for BUSAC meeting  
(Faculty of Humanities)  
Monday November 24<sup>th</sup>, 2008**

My first semester with BUSAC has been an interesting one. I am enjoying and hope to continue my involvement next semester and if possible to increase it.

This semester I attended the Brock Brand Focus Group, Annual General Meeting, President's Ball as well as BUSAC meetings.

I have been trying to reach out, support and learn more about the constituents in the Humanity Faculty. In order to do this I have attended meetings and attended productions run by the students as a Humanities Rep. I have also been trying to help some students find information about the courtyard project.

I am attending a meeting with Justice at Brock with regards to sexual assaults on campus, discussing how to prevent them and help the victims. I hope to get involved with them.
