Report #3

Orientation Week

O Week is fast approaching, and we are working hard at pulling together all the details! All our events have been fully approved and the schedule should be live on the website any day now! Be sure to go and check it out to see everything happening during O Week! <http://www.brocku.ca/orientation/>

Also, we have made a huge push in sponsorship the last few weeks and I am very excited to announce that (at the time of writing this report) we are almost at our goal!

Our Rave Cards are completed (and look great!) and are being sent to print Monday, and the schedules will be sent to print shortly thereafter.

Brock Off-Campus

Max Holten (Team Leader) and Nik Pleschke (Admin & Recruitment Coordinator) have been working hard at Smart Start daily the last few months to recruit first year members. I am pleased to let you all know we currently have over 120 members signed up for the program!

Also, Max has been pursuing sponsorship for BOC and now has a number of businesses involved.

Unfortunately, we had two coordinators resign but we have interviewed and hired replacements, and all 6 coordinators (old and new) will be attending the BOC training weekend at Camp Wetaskiwin.

Finally, just a reminder that any BUSAC members or BUSU employees/volunteers can join BOC for a discounted price!

Health Plan

We recently reviewed the drugs currently covered by the health plan, and have added a few new options which will come into effect September 1st 2006.

Also, the comic is completed and will be sent to print shortly!

Clubs

We have a pretty large list of clubs signed up for the Club Fair during O Week, and more come in each day. We currently have 6 ratified clubs, and this number will probably jump to over 25 after the club fair when clubs have recruited members to fill in their members list.

Brock Aid: First Aid Responders

This program is well under way! We've begun placing orders for medical supplies, arranging for training, and reviewing volunteer applications. Also, we've begun to work on writing the handbook for the volunteers, and have met with Campus Security to discuss some of the logistics.

If you're interested in volunteering, email far@busu.net for more info!
