BUSAC Report

February 9th 2009

Events

The next large event that is coming in the year for BUSU is the Buzies. The planning process will undergo its first stages this week with ideas and proposals of how the night will be run. The date that we currently have set for the event to take place is Friday April 3rd, 2009. If any councillor has any nominations for a BUSU employee to win an award please submit those to either Chris Green or Jody Thomas. I will keep council posted as more details come forward through the planning process and I hope to see everyone there when the time comes.

Clubs

Meetings have been held weekly for all club presidents. Also attending these meetings have been the clubs coordinator, Paddy Magill as well as myself. Minutes were taken at each meeting and some great ideas have been thrown around. Clubs are beginning to work together and are attempting to rally more club executives to attend these meetings in an effort to bring everyone together.

BFAR

New uniforms are being looked into for Brock Aid. Chris D'Alessandro, BFAR coordinator has been looking for quotes for some new jackets as there is a lack of BFAR jackets for the volunteers. Quotes have not yet come back but I will notify council and share all the information once quotes do come back. Chris is looking for about 6 jackets because there is not enough for all volunteers. Once jackets have been purchased there will be a more strict method in place to make sure they are returned at the end of the night.

Volunteering

The volunteer website is currently under construction and is being worked on by Kristen Hicks, volunteer coordinator, Vinita Hatanaka, marketing coordinator, Jackie Kam, graphic

design coordinator, Phil Ihewuokwu, web content coordinator, and the BUSU executive. Some of the preliminary work is complete but a general layout is still being constructed for the web page. Some of the information to be displayed is being approved and once something more concrete is drawn up, I will show council the layout and also take suggestions.

Along with my duties as VPSS, I have also been running the “Yes” campaign during the elections. As most people have seen, the back board is present in the hallways in Academic South and I have been devoting as much time as possible to be down there taking any questions. The campaign is going well thus far but we will see the real fruits of this labour come count night.
